

**Telemental Health Informed Consent**

I, \_\_\_\_\_ (name of client) hereby consent to participate in telemental health with **Dolores B. Grohmann, LMFT** as part of my psychotherapy. I understand that telemental health is the practice of delivering clinical health care services via technology assisted media or other electronic means between a practitioner and a client who are located in two different locations.

I understand the following with respect to telemental health:

1. I understand that if I have the right to withdraw consent at any time without affecting my right to future care, services or program benefits to which I would otherwise be entitled.
2. I understand that there are risk and consequences associated with telemental health, including but not limited to, disruption of transmission by technology failures, interruption and /or breach of confidentiality by unauthorized persons, and/or limited ability to respond to emergencies. To limit any potential breach of confidentiality, **we will utilize a HIPPA compliant video platform called Doxy (This consent will also cover telephonic sessions without the use of video technology).**
3. I understand that there will be no recording of any of the online sessions by either party. All information disclosed within sessions and written records pertaining to those sessions are confidential and may not be disclosed to anyone without written authorization, except where the disclosure is permitted and/or required by law.
4. I understand that the privacy laws that protect the confidentiality of my protected health information (PHI) also apply to telemental health unless an exception to confidentiality applies (i.e. mandatory reporting of child, elder, or vulnerable adult abuse, clear intent to harm oneself or someone else, court order from a judge).
5. I understand that if I am having suicidal or homicidal thoughts, actively experiencing psychotic symptoms or experiencing a mental health crisis that cannot be resolved remotely, it may be determined that telemental health services are not appropriate and a higher level of care is required.
6. I understand that during a telemental health session, we could encounter technical difficulties resulting in service interruptions. If this occurs, end and restart the session. If we are unable to reconnect within ten minutes, please call me at 813.924.3491 to discuss the possibility we may have to re-schedule.
7. I understand that my therapist may need to contact my emergency contact and/or appropriate authorities in case of an emergency.

**Emergency Protocols**

I need to know your location in case of an emergency. You agree to inform me of the address where you are at the beginning of each session.
